WHEW! GOGGLES
NEEDED THIS YEAR
ON BEACHES

CHICAGO, June 29.—In color and contour the bathing girl of the season will add to the beauty of the beach and to the pleasure of the beachgoers. The colors are to be noisier than the surface and feminine beauty may reveal itself in a one-piece, form-fitting suit, providing it has a dinky skirt attached.

ATTEMPT TO KILL
SLEEPING GARY MAN

Henry Freeman, Twenty-second avenue and Connecticut street, Gary, complained to the police that an unknown person tried to assassinate him while he was sleeping in his home Monday night. Freeman said his enemy climbed onto the roof and fired through a hole, hitting him in the left elbow. He suspects a negro with whom he had quarreled.

districts for carrying out the exemption work of the conscription act. In each of the four districts there will be a board of appeal to hear the pleas of any persons who have been denied exemption by the local boards. Jesse E. Echebach, state conscription officer, is in general charge of the work. He has a tentative list of members of the appeal boards.

ONE MORE
ARREST MADE

One more arrest was made today as the result of true bills returned by the Gary grand jury. Vincent Cesare, prominent in political circles, was indicted on the charge of letting property for illegal purposes. Cesare was released on bonds of one thousand dollars.

Deputy Sheriff Olds and Stults have upwards of fifty additional warrants to serve and they will cause arrests as soon as they can dispose of routine business. Further arrests are expected before the week-ends.

That the grand jury is going after Lake county property owners who let their property for gambling and vice purposes is seen by indictments already returned and the report that forty persons, many of them prominent, will be arrested in all parts of Lake county as the result of being hit by true bills.

WHAT WILL
MACLAY HOYNE
SAY TONIGHT?

Much interest is centered in the banquet of the Gary Civic Service club to be held at the Y. M. C. A. this evening and politicians expect that when MacLay Hoyne, state's attorney at Chicago, addresses the report that forty persons, many of them prominent, will be arrested in all parts of Lake county as the result of being hit by true bills.

THESE CHAPS
WILL SHOOT FOR
SWEET CHARITY

Gary Gun club members will conduct a patriotic shoot Sunday at their grounds, Twenty-fifth avenue and Virginia street. Targets will be sold at two and a half cents, with a minimum charge of fifty targets. Eighty per cent of the proceeds will go to the American Red Cross. Traps will open at 10 o'clock and 1 o'clock the regular program will be started.

DON'T SHOOT
SQUIRRELS NOW

Vice President William Brown of the Gary Gun club has asked THE TIMES to inform Lake county hunters not to shoot squirrels until August 1. The new law prohibits their shooting in July as was the case formerly.

"I don't want any of the hunters, who may not have heard of the law, to be shooting squirrels before August as they are likely to be arrested," said Mr. Brown.

"MIKE DE PIKE"
GIVES UP FIGHT

(By United Press.)
CHICAGO, June 29.—"Mike de Pike" Heitler, convicted a year ago for violation of the Mann act and sentenced to one year and one day in Leavenworth penitentiary, Thursday withdrew his petition for a rehearing on his appeal to the Federal Appellate court, which had upheld his conviction. He surrendered himself to the U. S. marshal and left for Leavenworth last night.

Heitler was convicted of taking Marie Miller from Chicago to Gary for immoral purposes. Dolly Schaffner, who was convicted with him, won her fight for a new trial.

U. S. DRAFT OATHS
ARE RECEIVED

A bulky envelope from the provost general's office, Washington, was received today at Gary city hall. It contained the president's appointments of John A. Brennan, Dr. T. J. Toner and A. L. Brown as members of the Gary exemption board, certain regulations, oaths to be signed and filled out and several official papers. Within a few days the board expects complete instructions.

DIVORCE CASES

Divorce cases have been filed in Gary superior court as follows:
Sarah A. vs. George Tyndall; J. H. Fetterhoff, attorney.
Evelyn vs. John Davis; R. E. Houran, attorney.
Bessie vs. Charles Byrd; L. A. Caldwell, attorney.

PAINTERS' ELECTION

The Hammond Union of painters, decorators and paper-hangers last evening held their annual election. The new corps of officers is as follows: President, H. H. Barron; vice president, Frank St. Clare; financial secretary, Paul Pyles; recording secretary, W. O. Pashore; treasurer, C. E. Dicks; conductor, W. Oiler; worden, Dan Devetak; trustee, J. R. Donley, and business agent, Henry Gabler. The delegates to the trades and labor convention are C. Muller, Henry Gabler and H. P. Barron. The delegates to the building trades convention are Edgar Resse, F. Russell, Mueller and Gabler.

HOW'S THIS?
CORNS LIFT OUT
WITH FINGERS—NO PAIN!

Thanks to a new discovery made from a Japanese product your foot troubles can be quickly ended.
Ice-Mint, as this new preparation is called, is said to shrivel up hard corns, soft corns or corns between the toes so that they can be lifted out easily with the fingers. It's wonderful. Think of it; only a touch or two of Ice-Mint and real foot-joy is yours.
There is not one bit of pain or soreness when applying or afterwards and it doesn't even irritate the skin.
If your feet are inclined to swell or puff, or if you have cracked or bleeding toes, it will draw the inflammation right out and quickly heal the sore and tender places. It is the real Japanese secret of fine, healthy, little feet and is greatly appreciated by women who wear high heel shoes and by men who have to stand on their feet all day. Try it. Just ask in any drug store for a small jar of Ice-Mint and learn for yourself that solid foot comfort really is. There is nothing like it—Adv.

WHAT IS
TO HAPPEN
ABOUT IT?

TIMES BUREAU
AT STATE CAPITAL.
INDIANAPOLIS, June 29.—No one seems to know what will happen next in the constitutional convention case. First, Judge Thornton, who decided that women had no right to vote for the election of delegates to the constitution, said this meant that they had no right to register for that election. Then Attorney General Stanton gave an opinion that women had a right to register, in spite of the Thornton decision. Next, Judge Thornton any county clerk that permitted women to register for the constitutional convention election would be in contempt of his court.

But now Judge Thornton and the registration board of this county have reached an agreement that women may continue to register and, although he says he sticks to his decision, Judge Thornton says he will not entertain any contempt proceedings in his court in case any one should happen to attempt to hale the women or the county clerks into court. Therefore, registration of women for the special election has been resumed.

This means that all county clerks in the state are authorized to resume registration without being in danger of contempt of court. The appeal from Judge Thornton to the supreme court has been set for hearing on July 10.

SINCLAIR OIL TO
PAY FLOPING
DEBT

NEW YORK, June 29.—Though officials are silent concerning future plans of the Sinclair Oil & Refining Company, it is understood that the details now being worked out call for an issue of a large block of common stock. This block will probably run between 200,000 to 250,000 shares of no par value and will be offered to stockholders under \$40 a share.

The original plans are said to have called for a considerably smaller amount of new stock with an underwriting price of \$40 or better. Since that time the wisdom of an increased amount of cash has been brought home to the directors and in order to make the market for the stock more satisfactory, the underwriting price will probably be below that originally considered.

The outstanding capital as now constituted consists of 970,074 shares without par value. The authorized issue at present is 1,000,000 shares.

H. F. Sinclair, president of the Sinclair Oil & Refining Company, who is in Chicago, said: "We are making arrangements to retire the floating indebtedness and provide for development work. The corporation is earning at the rate of \$12,000,000 a year. The pipe line to Kansas City will be completed and in operation July 15. This will materially increase earnings. The completion of the pipe line to East Chicago will further increase earnings. There is no thought of discontinuing dividends as the outlook for the oil business is never brighter. Some of the rumors I have heard are ridiculous."

PLYMOUTH PLANS
GREAT FOOD RALLY

Gov. Goodrich and Former Secretary Bryan to Speak on July 9.

PLYMOUTH, IND., June 29.—Arrangements have been completed for Gov. James P. Goodrich, Prof. G. I. Christie and W. J. Bryan to speak at Plymouth, Ind., July 9 on the subject of "Food Conservation." The bringing together of these men has been accomplished through the efforts of James K. Risk of Lafayette, in co-operation with Plymouth citizens, and offers an opportunity to the citizens of Indiana to attend and come in touch with a food conservation meeting of national scope. Every citizen of the state and especially the northern half of Indiana, should not fail to take advantage of this opportunity and join the crowd to hear these prominent speakers.
The meeting will be presided over by Gov. Goodrich of Indiana, who will deliver the opening address.
Prof. G. I. Christie is in charge of the agricultural extension work at Purdue university, and also has charge of

the Indiana food conservation. He is carrying on a marvelous campaign in the interest of food production and conservation.

Mr. Bryan is speaking for the government under the direction of both the president and the department of agriculture. Mr. Bryan arranged to deliver one address in Indiana on July. Prof. Christie, in order to suit Mr. Bryan's convenience, arranged this meeting at Plymouth, Ind., as Mr. Bryan was scheduled for an evening address at Winona.

S. Schlosser of the Schlosser Bros. butter manufacturers, is on the committee of arrangements.

GRAND JURY
READS SEWER
RECORDS

The Gary grand jury, which is probing the west side sewer deal which brought collusion charges from Mayor Johnson, today heard testimony from several persons, including contractors, city officials, former officials and other citizens.

Among those subpoenaed were Miss Loretta Bernstein, clerk of the works board, ex-commissioner Harry Stringfellow of the board of works, and members of the city engineering department. They were instructed to bring records of the case.
Council Testimony Available.
Available for the board's use is the testimony taken by the city council probing committee. Contractors who figure in the sewer deal are Heiny and Holben, Fred Farr, and the Illinois Improvement and Ballast company, contractors to the steel trust, who finally landed the sewer job. The concern which is known as the "slag trust" landed a fat contract, worth \$300,000 from Mayor Knotts administration, at the time when the Dean cases were dropped. On two occasions its entry into the municipal contracting game has been coincident with the existence of civic turmoil and despite the many contracts which officials of the Gary Land company and Illinois Steel company land down upon the busy "slag trust" it is pointed out that it always has time to grab off any big city contracts that are loose. The company sells steel mill slag for county roads.

WORK ON CHURCH
IS BEING RUSHED

Work on the beautiful new home of the First Presbyterian church congregation on South Hohman street is being rushed to completion.

The edifice will be the last word in modern improvements. It will have a seating capacity of over 700, a departmental Sunday school, gymnasium, reading rooms and other up-to-date conveniences. It will cost \$34,000. A Honeywell is the contractor and Rufus Banner the architect. The structure is being erected at 1012-1021 South Hohman street.
Harvey Gostlin and Mrs. Gostlin, his mother, will purchase a new organ for the church. Rev. J. C. Barrett is the pastor.

FIERY ECZEMA AND SKIN ERUPTIONS
READILY YIELD TO THIS OLD REMEDY

Successfully used for fifty years.
Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.
This is why E. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions. This

The First Cry

Every woman's sympathy responds to the sweetness of a baby's voice. The little cry that echoes with the arrival of the new baby is perhaps the fondest and most cherished recollection of our lives.
Thousands of mothers owe their preservation to health and strength to the wonderful preparation "Mother's Friend". This is an external application which is applied to the abdominal muscles. It relieves the tension, prevents tenderness and pain at the crisis and enables the abdomen to expand gently. The muscles contract naturally after baby arrives and the form is thus preserved. It should be applied daily, night and morning, during the period of expectation. Its influence on the fine network of nerves and ligaments just beneath the skin is wonderful. It renders them pliant, and in this way aids nature to expand the abdomen without the usual strain when baby is born.
You will find this wonderful preparation on sale at every drug store. "Mother's Friend" is prepared by the Bradford Regulator Co., Dept. C, 133 Lamar Building, Atlanta, Ga. They will send you an interesting interesting booklet, without charge, "Motherhood and the Baby". Write them to mail it to you. It is of the utmost importance that every expectant mother aid nature in her work. Do not neglect for a single night to use "Mother's Friend". It is absolutely and entirely safe.

IN THE PORTER
CIRCUIT COURT

VALPARAISO, IND., June 29.—The case of the East Chicago against the Maryland Casualty company and Frank G. Proudfoot, asking damages for \$50,000 was filed in the Porter circuit court yesterday morning brought here on a change of venue.
According to the allegations in the complaint Proudfoot took the contract for paying Chicago avenue in East Chicago. By the terms of his contract he was to build the road so that there would be no needed repairs for a period of two years. The pavement did not endure, and Proudfoot was called up to repair the street which he did to a slight extent.
Attorney C. B. Tinkham of Hammond yesterday collected the judgement due Mrs. Elnsey of Hammond for the death of her husband by a Monon train several months ago. With Elnsey, Joseph Kolb was also killed.
The case of Kolb against the Monon was tried, and a judgement entertained for the plaintiff for \$8,000. The case of Elnsey against the Monon was settled provided the higher court affirmed the decision of the lower court for the sum of \$3,300. This makes a total of about \$12,000 paid by the Monon for the accident in which both men were killed.

The case of the state of Indiana and the United States Crushed Stone Company, against the Ajax Construction company and the Glove Indemnity company, was venued here to the Porter Superior court yesterday from the Lake county circuit court. The amount of damages asked by the plaintiff is \$3,000.

HAIG'S REPORT.
(By United Press.)

LONDON, June 29.—Field Marshal Haig's report today details heavy enemy bombardment of British positions south of the Cateau river and successful repulse of hostile attacks on an advanced position in that section.

LODGE FIGHTS
DRY AMENDMENT

(By United Press.)
WASHINGTON, June 28.—Senator Lodge, member of the finance committee, Thursday afternoon opened the attack on the "dry" amendment as adopted by the senate agricultural committee to the administration food bill.
He urged that in its stead there be substituted legislation which would prevent the further manufacture of distilled spirits and would result in commandeering all spirits in bond, but which would permit further manufacture of beer and wine.

POTATOES HIGH
IN INDIANAPOLIS

TIMES BUREAU,
AT STATE CAPITAL.
INDIANAPOLIS, IND., June 29.—Potatoes are selling higher in Indianapolis than in any other city in the country, according to figures received here. Retailers are still charging 8 cents a pound for them and commission men keep the price at \$3.15 a bushel.

Commission men here say there is still a shortage of potatoes in the market, but it has been learned that there are 100 cars of potatoes on side tracks here, which, if released, would send prices down. There is talk of an investigation here of the charge that many carloads of potatoes are being held off in order to maintain a scarcity and keep prices high.
Philadelphia reports potatoes now at \$5 to \$5.75 a barrel of three bushels against \$10 to \$12 a barrel a few weeks ago. But in Indianapolis there has been practically no reduction. Word from New York says potatoes are selling there at \$4 a barrel, as against \$3.45 a barrel in this city.

HOOSIER BRIEFS

TERRE HAUTE.—Mrs. Fay Price has brought suit against her husband asking pay of \$2,000 for work she did in two years around her husband's saloon.

BLUFFTON.—Efforts which are reported being made to junk the Bluffton Geneva and Celina traction line will fail because of lack of sanction of the public service commission, it is believed.

LAPORTE.—Five members of the LaPorte Guard company have been discharged from the guard service to enter training for officers at Fort Harrison.

CONNERSVILLE.—August Gochner of Laurel, after searching for his son for thirteen years in vain, was able to locate him through registration lists. In scanning the lists of those registered in Chicago, Gochner found his son's name.

WARSAW.—Company H. will probably camp for two weeks after mobilization on August 5, on the Winona Lake golf links, according to present plans.

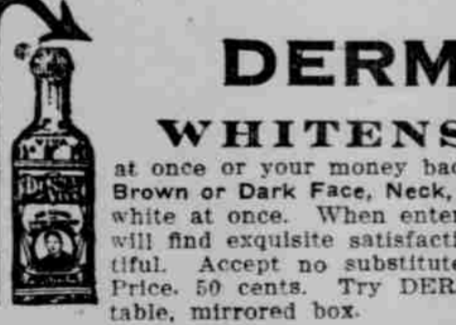

BRAZIL.—Arthur Blair has brought suit against Clay county for \$35,000 damages for loss of sight while working on the county jail. Blair was struck with a piece of coal and became blind as the result.

WILL GET BACK
